Strathore Rosewood Robin is out of our favorite cow, Strathore Robbie Rosewood and by Strathore Knockout. He was undefeated grand champion at the Peterborough, Ottawa, Lindsay and Markham Regional shows. A number of his calves sell. He now heads the new herd of Danny Dunn, Independence, Iowa.

WELCOME TO THE ANNUAL STRATHORE-MILLAR SALE

To our Shorthorn friends everywhere, welcome to our fourth annual sale.

This year we are again joined with a strong draft from M-F Farms and Roslyn Flett.

Their reputation is well-known. Both are breed boosters and it's a pleasure to have them with us.

Now in our 28th year at Strathore, we find it time for a few changes.

Our brother Murray, after a successful career at M-F Farms, has come home to take up where Keith and I leave off.

We are not going out of business. We have cut deep into replacement heifers, and taken some of the very top young broods cows to make the best sale we've ever had.

Some 15 or 20 females are retained, and we'll continue with what we hope is "the best little herd" of the breed.

Murray's plans already call for a good-sized herd, so be assured there is a great new herd in the offing at Strathore!

At Millar's Farms, it has been my pleasure to help build one of the truly top herds of the breed anywhere. Although this has been done in a few short years, the uniformity, quality and character will amaze you. They take their Shorthorns seriously, and hope you will come early for an inspection of the breeding herd. It has grown to about 70 brood cows, so we all hope to continue in this annual sale series.

Come early. Join us Friday evening, October 24, at the Millar Farms for a buffet dinner. Attend the sale on Saturday, October 25, and complete your greatest Shorthorn weekend ever at Louada Manor Farms, October 26 and 27.

LORNE J. PIMMETT
Strathore Farms

MRS. J. W. MILLAR
Millar Farms

Females like these are typical of Strathore and Millar Farms. All of these sold in 1967 at a \$700 average.

From the Sale Manager . . .

The Shorthorn business is filled with success stories but none is more genuine and more typical than the success of Strathore and Millar Farms.

Shorthorns have been at Strathore for years and they have prospered on their wooded Ontario hills. The Strathore success in the show ring has been eminent. They are the only herd in history ever to show both grand champion females on the same day at the Royal Winter Fair. Moreover, the success of their cattle in the hands of others is notable. Strathore females have produced International grand champions and countless other winners for their new owners.

But time marches on and Lorne Pimmett and his brother Keith find it necessary to curtail their activities. They sell a significant part of their foundation herd in this sale. Strathore will continue, of course, as "the best little herd of the breed." And Murray Pimmett will maintain cattle under the Strathore name as well.

In the meantime Millar Farms herd continues to expand. Joyce Millar is the Pimmett's sister and her young son John is among the breed's most enthusiastic supporter. It was their Mayflower Angie that recently was reserve grand champion female of the Canadian National Exhibition. And Bonnie Millar was just named champion inter-county 4-H Showman with her cousin in reserve.

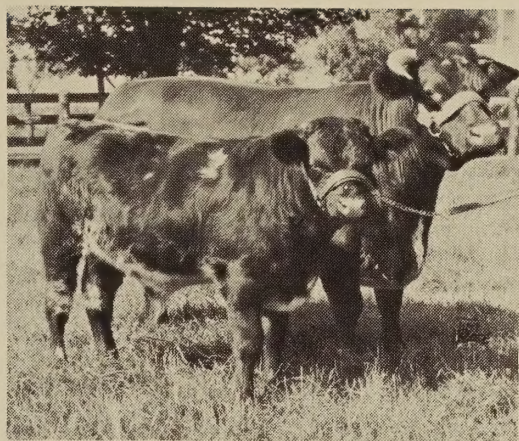

These are fine, honest, hard-working people who richly deserve their success with Shorthorns and it is a pleasure to recommend their productions. Again this year they are joined by Massey Ferguson Farms and Roslyn Flett with strong drafts to this All-Female sale. Their cattle have done well and will provide good investments.

Just two days before the famous Louada sale, this auction provides the opportunity for a particularly enjoyable Shorthorn weekend. Come early. You'll enjoy every minute of it.

Strathore Lady Violet 2nd sold to Carlan Enterprises, Port Perry, Ont., in 1967 and won her class for them at the 1968 C.N.E.

Strathore Waterloo Fairy sold to Carlan Enterprises, Ltd., in 1967 and produced this bull calf by Strathore Power Drive.

Great Females from Strathore -- Millar

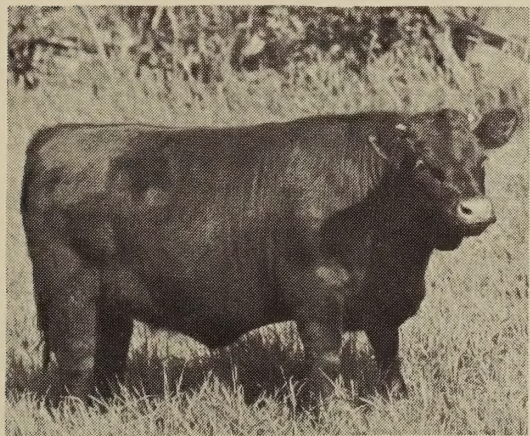

Here are just a few of the great females that have sold from Strathore and Millar Farms in the past. They have gone on to conspicuous success in the hands of their new owners.

Remember that the dam of the 1963 International grand champion female came from Strathore. And the granddam of the 1962 International supreme champion bull was bred and born at Strathore.

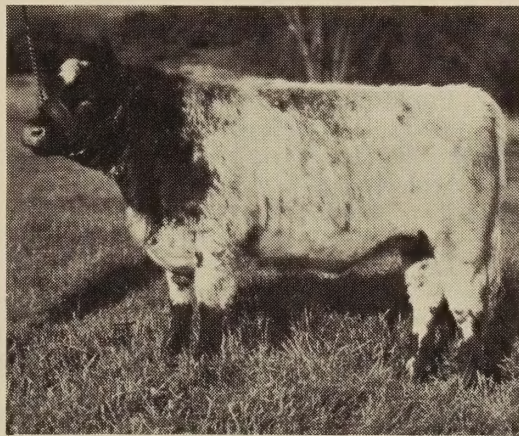

Today Strathore females occupy significant places in leading herds of the breed like Louada, Melbourne, Windholme, Acadia, Carlan, Ettrick and so many more. They have returned their investment many times over for these astute breeders and they'll do the same for you.

Since this sale represents a partial reduction of the Strathore herd, the buying opportunities have never been stronger and the guest consignors were determined to match that high standard of quality.

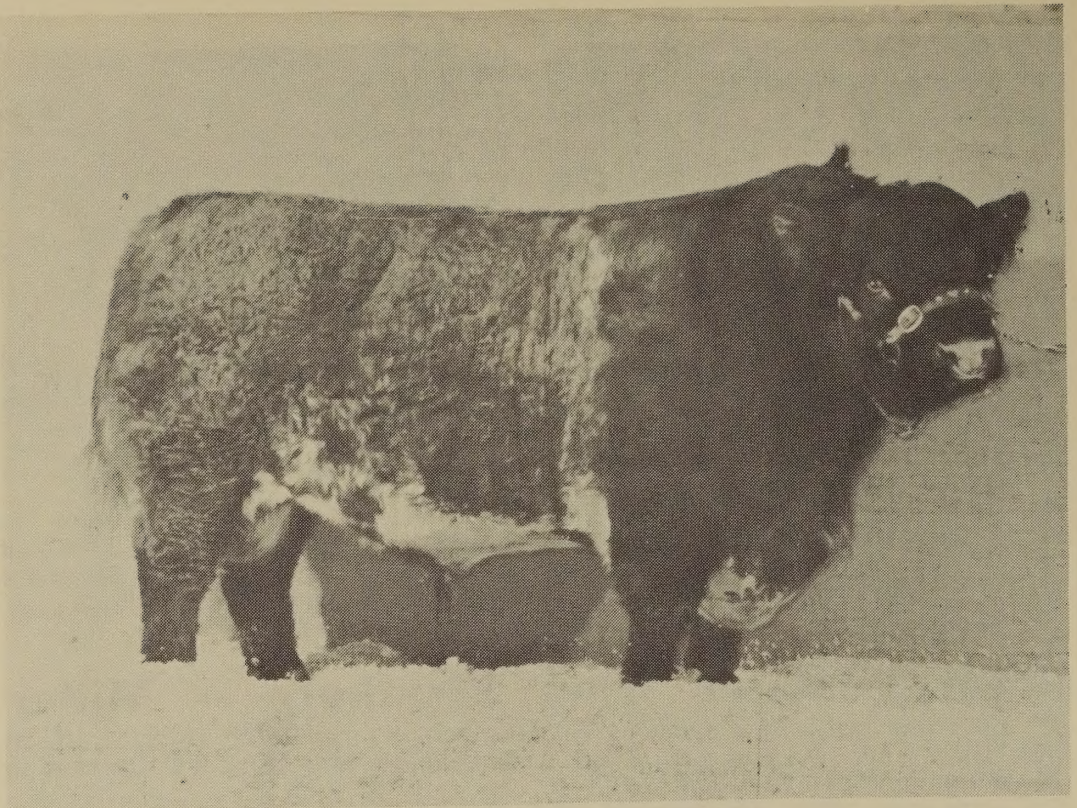

You'll find what you're looking for in the Strathore All-Female Sale October 25.

Strathore Bonnie Violet by Lakeview Apogee topped the 1966 sale females at \$1,535 to Acadia Farms, Northfield, Ohio.

Saraguay Estelle 20th x topped the 1967 sale to Windholme Farm, Orange, Va. She was part of the Millar Farms draft.

Clipper King of Bapton x weighed 2,670 pounds as a mature bull. He is the grandsire of Paragon of Denend (P).

PARAGON OF DENEND x — The most recent young imported polled bull from Scotland. Note he is a grandson of both Clipper King of Bapton x and Constellation of Bapton x, AAA, as well as from Thieman's great Victoria cow family. His younger maternal brother is stock bull in the Upsall herd following Constructor x, the only polled son of Bapton Constructor. After several years' search for a polled bull, we feel he is the best headed, best boned, best legged bull we could find. His first three calves at Strathore are pictured in front of a group of five cows on page 1. Each succeeding one is just as good — way beyond our expectations. Hop on our bandwagon — most of the bred females selling carry his service!

LAKEVIEW APOGEE — Probably no bull living today carries a stronger concentration of Cruggleton, Kirkton and Calrossie — great blood lines all combined in one pedigree. There's no wonder he has the stock bull look written all over him. His first calf old enough to show topped the 1966 sale females at \$1,535 to Cyrus Eaton's Acadia Farms, Northfield, Ohio, after being grand champion female at Ottawa. Most of our 1968 show herd was by him, and included the first-prize get-of-sire, second-prize group of four, reserve junior champion female, Strathore Waterloo Starlight, and Strathore Rosewood Beauty 10th that stood second to the Canadian National Exposition grand champion female and topped our 1968 sale at \$975 to R. A. Miller, Marmora, Ont., who was so impressed with his get that he purchased one-half interest and possession. Lakeview Apogee is his first stock bull to head the new herd the Miller's are founding at Marmora, Ont.

CRUGGLETON FLASHBACK — Sold in our 1966 sale at \$2,400 for two-thirds. Undefeated two-year-old of 1967, he won three supreme champion banners, the only animal to win more than one of the ten presented by the Ontario Club. His first calf, Strathore Lady Violet 2nd, was undefeated yearling for Carlan Enterprises, Agincourt, Ont., in 1968. His first full crop of calves are now at Strathore, and recent visitors readily claim them our greatest to date. Backed by the strongest of Bapton blood on his sire's side and Cruggleton Garvie, Cruggleton Elvin, Pentland First, and Cruggleton Warbond by Cruggleton Perfect, is it any wonder we believe he would have to be called one of the best bulls we have seen in the last thirty years?

LOUADA BEQUEST — Not only one of the biggest sons of Bapton Constructor, but one of the best, he undoubtedly has done more for our herd than we ever thought any bull could do. Louada Blood Royal, by Louada Marshal, was the first calf from this great family born at Louada and also produced the \$4,600 Louada Commodore. One of her sisters was the dam of the \$13,000 International champion Louada Bomber, another maternal sister sold at \$5,000 to Northwood. Two of his very best daughters sell, and anyone wishing to mate an open Strathore or Millar heifer to him may do so artificially. We still have a good supply of frozen semen. Some thought Bequest a little big for his time — today he is most cattlemen's answer.

STRATHORE MARILYN DUCHESS 7th — A typical big, trim daughter of Strathore Power Drive. My favorite 1968 heifer retained, is a full-sister. We also have her dam and a maternal sister. Will be served to Paragon of Denend x (imp) by sale day.

Strathore Lady Violet 2nd was reserve grand champion at Peterborough and Oshawa and undefeated heifer of the year including the Canadian National Exhibition. She was sold privately as a calf to Carlan Enterprises, Ltd., Port Perry, Ont., in 1967 at what is believed to be a record price for a calf of her age. Be sure to see her young full brother at Strathore. She is from the same family as Strathore Cherry Violet, Lot 7.

MILLAR'S LADY DOROTHY — Study her size and substance, along with her quality and character. No wonder she is one of our favorites. Her dam, AA as first calf heifer, is out of a full-sister to the dam of our \$1,000 top Dorothy in last year's sale to Ken Allen, Flesherton, Ont. A maternal brother by Lakeview Apogee is one of our best. She will be served by sale day.

Her dam, still producing in her 15th year, also produced the big, white, high rate-of-gain bull that Master Feeds Farm sold to the Bishops of Alberta. A daughter is a grand big cow in the R. A. TRAIN AND PLANE INFORMATION

Air Canada, United and American airlines have many flights a day between Chicago and Toronto, leaving from O'Hare Airport.

In the eastern part of the country, there are direct flights to Toronto from New York and Cleveland. Excellent service also from the Canadian West and East.

You can take a railway sleeper out of Chicago to Toronto and return the same way. Trains generally leave Chicago about 8 p.m. and arrive in the morning. The train from Toronto to Chicago leaves about 10 p.m. Since schedules are subject to change, please check exact departure times.

The present super-highway system makes the drive a good deal easier than ever before. We would like to point out, however, that the cost of a round trip airline ticket from Chicago-Toronto is only about \$55. Rail is about the same. Traveling alone, it is difficult to beat this by car.

There is good service but there are changes in schedules and we shall not attempt to give you times here. If you have traveled to Toronto by train and find that you can make a good connection on to Peterborough, it will probably be best for you to do so because it is a fast train.

Those arriving in Toronto by plane would do well to take the limousine from the airport to the Royal York Hotel which is just across the street from the railway station. Fast trains operate frequently to Peterborough. If you are to encounter a long delay call Millar Farms, (705) 295-6565 and we will arrange other transportation for you.

If you are without transportation upon arriving in Peterborough, contact the farm. On sale day cars will leave from the motel area at approximately 3:30 a.m. and 9:00 a.m.

**All train and plane information given here is approximate.
Be sure to check with your ticket agent for exact times.
Because schedules change, we cannot quote exact times.**
